Bem vindo ao tutorial da nova interface de busca das bases de dados, o EBSCOhost 2.0. Neste tutorial, veremos a nova interface de busca do EBSCOhost bem como as novas características implementadas neste lançamento incluindo: novas maneiras de busca, vista prévia de artigos e imagens com o cursor do mouse, a nova lista de resultados e ampliação da lista de preferências.

EBSCO Publishing Green Initiatives

Quando fizer o login na nova interface do EBSCOhost, você primeiramente notará uma nova, e mais limpa tela de busca básica. Além disso, você achará os ícones (**Subjects, Publications, Images, Cited References**) no topo da tela do EBSCOhost. Como na interface anterior, você poderá clicar nestes itens para pesquisar publicações individuais, tesouros, imagens, etc. Se em qualquer momento durante a sua sessão você desejar retornar para a tela de pesquisa básica, simplesmente clique na logo do EBSCOhost próximo ao campo **Pesquisar**. Você poderá adicionar ou mudar as bases de dados que estão sendo pesquisadas clicando no ícone **Choose Databases** acima do campo **Pesquisar**.

SmartText Searching é uma nova ferramenta que permite inserir no campo de busca parte de um texto ou uma página inteira. Utilizando um sofisticado algoritmo, a busca SmartText examina o texto e atribui um peso para cada termo, retornando uma lista de resultado baseada na relevância. Observe que o campo **Find** se expande acomodando mais texto.

The screenshot shows the EBSCO search interface. At the top, there are navigation tabs: Keyword, Subjects, Publications, Images, and More. A search bar contains the text 'global warming' with 'Search' and 'Clear' buttons. Below the search bar, there are links for 'Visual Search', 'Advanced Search', and 'Preferences'. The main content area is divided into three sections: 'Narrow your results' on the left, 'All Results' in the center, and 'Limit your results' on the right. The 'Narrow your results' section is circled in red and contains a list of source types and a thesaurus term section. The 'All Results' section shows three search results for 'global warming', each with a title, a brief description, and links to full text. The 'Limit your results' section is also circled in red and includes options for 'Full Text', 'Scholarly (Peer-Reviewed) Journals', and a 'Date Published' range selector. The 'Date Published' range is set from 1967 to 2007. There are also 'More Options' and 'Options Set' links, and an 'Update' button. Below the 'Limit your results' section, there is a 'Related Information' section with 'Related Images' and 'Related Videos'.

Por agora, vamos fazer uma pesquisa básica para o termo “global warming”. Insira o termo de busca no campo **Find** e clique **Search**. Você verá a nova lista de resultados disponibilizada. Observe o agrupamento de assuntos à esquerda da lista de resultados. À direita, você encontrará opções para **Limit your Results** assim como **Related Information**. Você pode limitar resultados em texto completo, Periódicos (Revisados) Acadêmicos ou utilize a barra de datas para mudar o período no tempo dos seus resultados. Uma vez selecionado seu(s) limitador(s), clique **Update**.

Results for: global warming

1. **Out of Sync**  The article considers the potential effects of global warming on the schedule of pollination. Flowering plants provide food to their animal visitors in exchange for pollination. Jane Memmott of the University of Bristol in England and three colleagues used the 1929 book, "Flowers and Insects," to study pollination. Its author, Charles Robertson, catalogued nearly 15,000 associations between 429 plant species and their 1,420 pollinators. On the basis of timing shifts caused by global warming that have already been observed in several plants and pollinators, Memmott and her colleagues figured that by the end of this century the annual activities of plants and pollinators will advance by one to three weeks.

Você também pode visualizar um artigo mantendo o mouse sobre o ícone no formato de lupa próximo ao título de artigo. Será mostrada uma telinha com a citação do artigo e o texto completo quando disponível.

The screenshot shows the EBSCOhost search interface. At the top, there is a navigation bar with links for 'Keyword', 'Subjects', 'Publications', 'Images', and 'More'. A red circle highlights the 'Sign In to My EBSCOhost' link. Below the navigation bar, the search criteria are displayed: 'Searching: Academic Search Complete, History Reference Center, ... | Choose Databases >'. The search term 'global warming' is entered in the search box, with 'Search' and 'Clear' buttons. The results are displayed in a list format. The first result is 'Out of Sync', with a red circle around the 'Relevancy: [progress bar]' and the 'Add to folder' link. The second result is 'Dynamical greenhouse-plus feedback and polar warming amplification. Part I: A dry radiative-transportive climate model', and the third is 'The Security Implications of Climate Change'. On the right side, there are filters for 'Limit your results' (Full Text, Scholarly, Date Published) and 'Related Information' (Related Images, Related Videos).

Para cada artigo na sua lista de resultados é atribuído uma relevância e ao lado um link para adicioná-lo a sua pasta. Você poderá registrar-se no seu Meu EBSCOhost pessoal clicando no link **Sign Into My EBSCOhost** localizado no topo da tela.

The screenshot shows the EBSCO search interface. At the top, there are navigation links for Keyword, Subjects, Publications, Images, and More. The search bar contains the text 'global warming' and has buttons for Search and Clear. Below the search bar, there are options for Visual Search, Advanced Search, and Preferences.

The main content area is divided into three sections:

- Narrow your results:** A sidebar on the left with expandable categories: Source Type (All Types, Magazines, Thesaurus Term), Journal, Author, Geography, and Database. The Thesaurus Term section is expanded, showing terms like EMISSIONS, INTERNATIONAL obligations, TREATIES, FOSSIL fuels, ENERGY minerals, and EMISSIONS trading.
- All Results:** The central area shows 'All Results: 1-1 of 1' and 'Page: 1'. It features a 'Sort by: Relevance' dropdown and an 'Add (1-1)' link. A red circle highlights a subject grouping bar that reads: 'Results for: global warming + CLIMATIC changes + GLOBAL temperature change... + GREENHOUSE effect, Atmosp... + ATMOSPHERIC temperature + CARBON dioxide + NATURAL disasters + VOLCANIC eruptions'. Below this bar, the first result is listed: '1. Signs from Earth. By: Appenzeller, Tim; Dimick, Dennis R.. National Geographic, Sep2004, Vol. 206 Issue 3, p2-11, 10p, 3c; (AN 14141087)'. It includes a link for 'HTML Full Text' and a relevancy bar.
- Limit your results:** A sidebar on the right with options for 'Full Text' (unchecked) and 'Scholarly (Peer-Reviewed) Journals' (checked). It also includes a date filter set from 1967 to 2007 and an 'Update' button.

Quando você limita os seus resultados de busca utilizando Agrupamento de Assuntos à esquerda da tela, cada termo do assunto será adicionado a parte de cima da Lista de Resultados. Você poderá realizar uma pesquisa para cada termo clicando no link do termo ou removê-los clicando no ícone.
